How do you apply for a standard check?

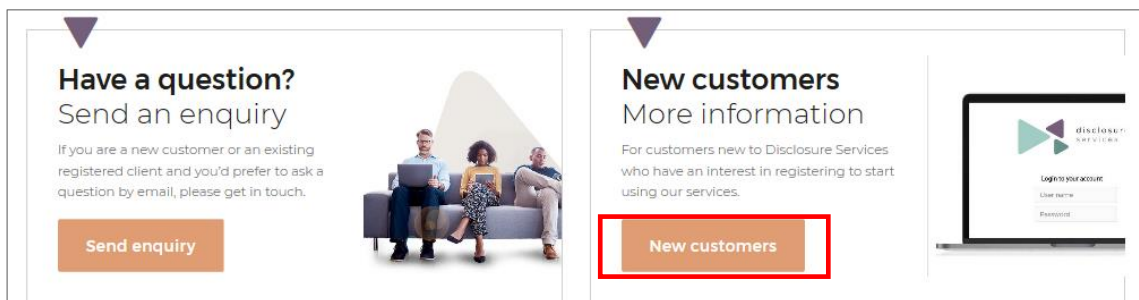

An individual cannot apply for a Standard DBS Check themselves, this must be applied for by the organisation the individual is working for.

If the organisation is registered with Disclosure Services, the employer would need to log in to their online portal and select 'Standard' from the Application Level options.

The screenshot shows a form titled "Application Options". Under the heading "Application level", there are three radio button options: "Basic", "Standard", and "Enhanced". The "Standard" option is selected, indicated by a green checkmark and a red rectangular highlight. Below the options is a "CONTINUE" button.

If the organisation is not currently registered with Disclosure Services, you can register for free by navigating to our contact us page and selecting 'New Customers'.

The banner is divided into two sections. The left section is titled "Have a question? Send an enquiry" and includes a sub-headline "Send an enquiry" and a button labeled "Send enquiry". The right section is titled "New customers More information" and includes a sub-headline "New customers" and a button labeled "New customers". The "New customers" button is highlighted with a red border. To the right of the text is an image of a laptop displaying a login form with fields for "User Name" and "Password".
